

JHS IB/GES Curriculum

Curriculum Architecture Map • Grades 7–9

NATIONAL FOUNDATION + INTERNATIONAL-STYLE PEDAGOGY

GES foundation: subject requirements, academic preparation, Ghanaian context.

IB-style design layer: inquiry and experiential learning, Learner Profile and ATL, global-mindedness.

Learner experience: questions, investigations and projects; reflection, collaboration and communication; local knowledge and global connections.

THE CURRICULUM SYSTEM

Grades 7–9 — Subject Foundation: Language, Mathematics, Science, Social Studies, Arts, Technology, French, PE/Health.

Interdisciplinary — Connect: six transdisciplinary themes link subjects and create coherence.

Inquiry — Investigate: research, experiments, field learning, debates, data, oral histories and service learning.

Creation — Apply: coding/robotics, prototypes, arts, writing, presentations and microbusiness concepts.

Assessment — Demonstrate: GES exams plus portfolios, reflections, presentations, peer/self-assessment and inquiry exhibition.

Year 9 — Capstone: community-based research plus proposed solution.

THE SIX TRANSDISCIPLINARY THEMES

Identity & Belonging — How do culture, history and family shape identity?

Innovation & Change — How do science and technology transform societies?

Sustainability & Environment — How do we care for people and planet in Ghana and beyond?

Power & Justice — How do governments, laws and communities create fairness?

Communication & Expression — How do we share ideas across languages, arts and media?

Global Connections — How is Ghana linked to the wider world?

PORTFOLIO TAKEAWAY

UET's central design move is the bridge: preserve a Ghanaian curriculum foundation while organizing learning around inquiry, interdisciplinary connections, cultural context, global perspectives, applied projects and reflection.

EVIDENCE BOUNDARY

This map represents the architecture documented in the original UET curriculum artifact. It does not claim school implementation, measured learner outcomes, IB authorization, or formal GES approval.
